The Board met pursuant to adjournment. Members present: Walsh, Groves, Taecker and Kranz. Absent, Bannister.

The afternoon was spent on the hearing called for the purpose of considering the change in the boundaries of School Districts No. 60 and No. 26.

Hearing on Sch. Dist's #60 & #26

Mrs. Chambers presonally appeared and asked for the privilege of signing the petition circulated by G. P. Berkemo. Objections were made by Arthur Hasche, representing School District No. 60, to affixing further signatures to the petition. Mr. Hasche insisted that the petition be kept in its original form; he also objected to the consideration of this petition, by the Board, for the reason that no sufficient petition has been presented for consideration. Geo. K. Marquis, appearing as attorney for the petitioners, requested that, whereas Mrs. Chambers wished to sign the said petition before it was filed and desired to sign it now, she should be allowed to sign. Mr. Wohlheter, acting as attorney for the Board, advised that no signatures could be added at this time, but that in his opinion the petition was sufficient as it was, filed. The Board overruled the objections and allowed Mrs. Chambers to sign. Mr. Hasche entered the following objection: Objection made to the consideration of this petition for the reason that it now appears that one signer, Mrs. C. W. Chambers, has been permitted to sign the petition for District No. 26 at the time of hearing and after the petition has been filed. Mr. C. W. Chambers, Mr. O'Toole, Mr. Berkemo and Mrs. C. W. Chambers appeared personally to support the petitions. They gave as their reasons for asking, that a half section of land be removed from School District No. 60 and added to district No. 26, the facts that Mr. O'Toole expects to move his home from the quarter of land where it now stands to the quarter owned by him, which is included in the petition for removal, because, by doing this he will be nearer a school house and because the road to the School House in District No. 60 is very bad most of the year. The petitioners felt that by the change in boundaries asked for, they would greatly accomodate Mr. O'Toole and injure no one. Mr. LA Framboise, Joe Rossow, Albert Peeper and Mr. McIntyre, appeared personally to protest against the granting of the petition. They gave as their reasons for objecting, the facts that bonds for a new school house have been voted by School district No. 60, and they objected to losing a part of the land for taxation purposes, which was counted on at the time of the voting for bonds. After hearing from both the petitioners and objectors, the County Board and the County Supt. of Schools agreed to take the matter under advisement, but to defer action in the matter Until July 21st, 1922.

On motion the Board adjourned until 9:30 A. M. of July 21st, 1922.

Narative report for July 1923.

During month of July have been doing intensive follow up work in connection with school inspection, also investigations and home calls on tuberculosis, cancer ad and orthopedic cases.

Have received wonderful cooperation from parents, and find them more willing to have their children taken care of and much more interested in the work, and have had so many reports of cases in different neighborhoods.

Upon investigation find many children and adults who may be helped in different ways, also get in touch with many pre school children. One tubercular patient sent to Custer this month, seen about fumigation. We have had many emergency calls this month, fractures, infected cases, accidents, cases overcome with heat etc. Expect to have T.B. Clinic in Sept. right after State Fair.

School children in for corrections also infants for treatment. School cards closed for 1922-23. We are indebted to Miss Margaret Growley of Henry for voluntary assisstance in the office this month.

Am taking my vacation Aug. 1st.

Respectfully submitted,
Margaret Hoover, R. N.
County Nurse.

9:00 o'clock A. M.

The Board of County Commissioners of Codington County, South Dakota, met pursuant to adjournment, all members present.

Granted time to present protest property values

The Board granted time to tax payers of the County in a protest against the increase in the valuations of agricultural land and structures thereon outside of Corporate Limits as well as other increases as made by the Tax Commission of the State of South Dakota in equalizing the valuation thereof as valued by the Equalization Board of the County of Codington, S. Dak.

The Chairman, Geo. H. Taecker, asked Commissioner Spartz to act as Chairman and Commissioner Spartz assumed the Chairmanship temporarily. Commissioner Taecker then offered the following Resolution:

Resolution protesting Tax levies & valuations by Tax Commission

WHEREAS, the Board of County Commissioners of Codington County, South Dakota, deem such increase of valuation as made by the Tax Commission, acting as the State Board of Equalization to be excessive and to be unjust and inequitable to the tax payers of Codington County, South Dakota, who will be affected by said increase, and

WHEREAS, certain tax payers of said Codington County, South Dakota, have formally appeared before this Board of County Commissioners and requested said Board to protest to the Tax Commission, acting as the State Board of Equalization,

Commissioner Spartz vacated the chair and Commissioner Taecker assumed the chairmanship.

On motion the Board adjourned to 1:30 P. M.

H G Christopherson granted Rebate School & Road poll in Henry Village

H. G. Christopherson proved to the satisfaction of the Board that he was a resident of the City of Watertown at the time of assessment in 1922, that he was assessed in Henry Village School Poll and Road Poll for said year in the sum of $3.00, that he was also assessed in Watertown in the sum of $1.00 School Poll and $2.00 Road Poll, which latter tax he has paid. The Board therefore on motion abated the tax in the Village of Henry as above detailed.

Eastern Dak Elec Co granted Rebate.

In the matter of the application of the Eastern Dakota Electric Co., for abatement of two fifths (2/5) of the tax levied against them on their high line running to their transformers near the gravel pits in Lake Township from the City of Watertown, the Board found from the evidence that they were assessed in said township on the basis of five miles, in the sum of $51.85, when as a matter of fact their line subject to assessment in Lake Township is less than three miles. Therefore, Mr. Walsh moved that their tax so assessed be abated in the sum of 2/5 of the tax levy or $20.74 which said motion was seconded by Comm. Spartz and carried by unanimous vote of the Commissioners.

LeRoy Mort granted refund

In the application of Leroy Mort for refund, it was shown to the Board that said Leroy Mort was a resident of Waverly Township, School District No. 63, that through an error of the

assessor, his assessment on personal property figured on the basis of levy of Waverly Consolidated District No. 1, and credited to the latter, making his tax $35.68, an excess of $10.90 for which he asked refund, the Board found above facts to be true, and on motion ordered $10.90 refunded to Leroy Mort and directed remainder of the tax so paid transferred to School District No. 63, to which it belonged.

In the matter of the application of the Citizens State Bank and the Henry State Bank of the Village of Henry and Wallace State Bank of the Village of Wallace, Codington County, the Board found that said banks were wrongfully assessed twice on same personal properties and in amounts as follows:

Abatement & refund Banks

Citizens State Bank of Henry, valuation $1360.00, tax $38.26, which has been paid.
Henry State Bank, valuation $1000.00, tax $28.14, all of which has been paid.
Wallace State Bank, " $ 600.00, " ------- " " " " " "

Therefore on motion by Comm. Walsh, seconded by Comm. Spartz, the Board ordered refund of $19.13 and abatement of $19.13 to Cit. State Bank, refund of $28.14 to Henry State Bank, and refund of $10.65 to Wallace State Bank.

Abatement A.R. Floran rejected

In the matter of A. R. Floran, application for abatement or refund, the Board on motion rejected same.

On motion, the following claims against the County, having been duly audited, and found correct, were allowed:

Helen Burt refund

In the matter of the application of Mrs. Helen Burt for tax on $1000.00 valuation Money & Credits, the Board finds that when the assessor of South Shore assessed Mrs. Burt, she was laboring under the impression that she was expected to give in to the assessor all of her money and credits and she gave in the $1000.00 although it consisted of United States Liberty Bonds that the same tax was free, that she paid said tax amounting to $3.00 on March 13, 1923, as evidenced by Tax Receipt No. 729. Therefore it was on motion ordered that a refund be granted Mrs. Helen Burt and warrant be issued therefore.

W. D Morris Hail refund

In the matter of the application of W. D. Morris for refund of Hail Insurance Tax for year 1922 the Board finds that W. D. White insured the S½ of Lot 3 and Lots 4 & 5, Section two (2) Rownship One Hundred Eighteen (118) Range Fifty-two (52) under the State Hail Insurance Law that there was hail insuranee loss thereon, that the premium tax on said land was $38.50, that the Hail Insurance Department at Pierre deducted from this loss said sum of $38.50. That said land had previously been sold for taxes and the Tax Sale Certificate now held by W. D. Morris who on April 30; 1923, paid the tax on said land in sum of $38.50 as subsequent taxes to certificate No.346 Sale of 1921 as appears by Tax Receipt No. 3893. Therefore, the Board on motion ordered that Refund of $38.50 be allowed to W. D. Morris and warrant issued therefore.

Lilian E Thompson refund

On motion the Board ordered that School Poll tax in City of Watertown for $1.00 be refunded to Lillian E . Thompson for reason she was not of age at time of the assessment thereof.

Stokes Estate abatement

It appearing to the Board that the assessor of Phipps Township in assessing the S½ of Southwest Quarter, Section Twenty-nine (29), Township One Hundred Eighteen (118) Range Fifty-five (55) listed same at valuation of $2678.00 for the year of 1922. In entering same on assessor's book he valued same at $5420.00 which valuation was raised by State Tax to $8312.00. Thus by error increased the taxes in the sum of $57.27. Also, said assessor listed the Southeast Quarter Section Twenty-nine, Township One Hundred Eighteen Range Fiftyfive at the valuation of $5420.00 but on the tax books said land was valued at $2678.00 and raised by tax Commission to $4107.00 thus losing by error the sum of $57.27.

Therefore the Board on motion ordered that the tax on South one-half of Southwest Quarter Section Twenty-nine, Township One Hundred Eighteen, Range Fifty-five for year of 1922 be abated in the sum of $57.27 and that the sum of $57.27 taxes for year 1922 be extended and collected on the Southeast quarter, section twenty-nine, township One hundred eighteen, range fifty-five, as provided by law.

PETITION FOR CORRECTION OF ASSESSMENT AND TAXATION.

apl 1 1924

Watertown, S. Dak., April 2, 1924.

To the Hon. Board of County Commissioners,
County of Codington, South Dakota.

Gentlemen:

The undersigned, Walter Popham of Florence, S. Dak., and the Peoples Savings Bank of Watertown, S. Dak., respectfully represent and petition:

That said Walter Popham is the owner of the East half, the South half of the the Southwest quarter, and the northeast quarter of the Southwest quarter of Sec. 17 in Twp. 119, Range 52, Reservation lands, containing 440 acres, and that the said Peoples Savings Bank is the owner of the Northwest quarter and the Northwest quarter of the Southwest quarter of said Sec. 17, Twp. 119, Rg. 52, Reservation lands containing 200 acres.

That all of said lands named are of equal value per acre.

Division of Popham + Peoples BK.

That in years past the different tracts were under separate ownership and assessed separately, but for several years the said Walter Popham owned both tracts, and that for convenience the assessors of said township have assessed the whole section as one tract, erroneously, instead of assessing seaprately the legal subdivisions thereof.

That on April 26, 1923, the said Walter Popham deeded to said Peoples Savings Bank said second mentioned tract, and it is the desire of the two parties to pay taxes on their respective tracts, separately, and at different times, owing to circumstances beyond their control.

That there is now due in taxes against the whole of said section the last half of the 1922 tax amounting to 204.78 with interest from April 1, 1923, and the whole of the 1923 tax delinquent April 1, 1923, 380.85.

That on March 31, 1924, said Walter Popham tendered to Treasurer of said County a payment of 440/640ths of the amount now due, which could not be accepted until a division of assessment was determined by your Board.

That the undersigned now petition your Honorable Board to reassess, partition, and determine, the amounts to be paid on and against each of the above separate tracts of the said section 17, by each of said separate owners, and to instruct by resolution the revisinn of the final levy as shown by the books of the Auditor and Treasurer, and authorize and instruct the Treasurer of said County to accept such amounts as full payments on each of said respective tracts, for the years 1922 and 1923.

That the hail tax is not asked to be divided but will be paid by said Walter Popham.

Respectfully,

Walter Popham
Florence, S. Dak.

Peoples Savings Bank, Water'tn, SD
By H. D. Rice, Pres.

Which said Petition was by the Board on motion approved.

Appeal from Lee Stover.

TO THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF CODINGTON and THE COUNTY AUDITOR of the County of Codington, acting as a Board of Equalization on taxes for the County of Codington: the undersigned, the owner of the property hereinafter named, having appeared and protested against the assesement before the local Board have appealed from the action of the local Board of Equalization to this Board, respectfully show that the following property is appraised at more than its market value and at more than other property of like kind and value in the same neighborhood: The structures on Lot 18, Block 6, East Watertown are returned by the Board of Equalization of the City of Watertown as $3000.00 Dollars. That this is more than the structures cost when new when they were built in the year 1901 and is $1000.00 dollars more than the present value of said structures.

ITEM 2: The structures on "Stover Place" in Block 26 First Railway Addition to Watertown, that the same are returned, valued by the local Board at $3600.00 Dollars: that this is more than the said structures are worth by $1500.00 Dollars:

ITEM 3. The values of the land on the Southeast Quarter of Section 17, Township 118, Range 55, were returned by the assessor at $4761.00: that this is more than the present value of said real estate and more than like property in the same township is valued. I ask a reduction of $1000.00 in the valuation of said real property.

ITEM 4. The value of the land on the East ½ of the Northwest ¼ and the West ½ of the Northeast ¼ of section 21 Township 118 Range 55 is returned at $5892.00. This is more than the present value of said real estate and more than like land in the same precinct is valued and ask a $2000.00 reduction in value of said real estate.

ITEM 5. I appeared before the City Board, sitting as a Board of Equalization and protested against the valuation returned by the assessor on structures in the City of Watertown, both for myself and other interests owning real property sith structures locate thereon in said City. The record shows that the structures in the City of Watertown were returned for equalization for taxation for the year 1918 at $2576950.00 that with the excuse of the then War values, with no increase in structures, they were equalized for the year 1919, the same structures, were returned and equalized at $4000440.00 that with no increase in value of said structures in the said City but with a very serious and material reduction in value owing to the present conditions, value of said structures have been returned and increased until equalized for the year 1923 at

COMMISSIONER'S RECORD

GEO. D. BARNARD STATIONERY CO., ST. LOUIS

$4320620.00, an increase of 67% over the valuations equalized for the year 1918. I asked the City Board of Equalization to reduce values of said structures 20% as returned by the assessor for the year 1924. This request was refused in toto and I appeal from said action to yonr Board.

I respectively showed that the values of structures in the City of Watertown are now equalized and would not sell for as much as they would in the year 1918 and respectfully asked that the valuation as returned by the assessor and equalized by the City Board of Equalization be reduced by you not less than 20%.

Respectfully submitted,
