WHEREAS, it appears to the Board of County Commissioners of Codington County, South Dakota, that with the harvest ending in the month of September 1940, that there is going to be insufficient industrial employment during the winter of 1940 and 1941 to take care of the large number of unemployed men in Codington County, South Dakota; that in other parts of the United States industrial activity is being increased by reason of National Defense contracts but that such activity does not help out in South Dakota, and, whereas Codington County, South Dakota is spending all of the money available for poor relief and has made all the supplemental budgets that can be made for poor relief and that the only remedy for the situation appears to be an increase in Works Progress Administration activity, now therefore:

BE IT RESOLVED by the Board of County Commissioners of Codington County, South Dakota that the said Board does hereby urge the Works Progress Administration of the United States to substantially increase WPA activity in Codington County, during the fall and winter of 1940 and 1941 and, that it is essential to the interests of the unemployed persons now in Codington County that such assistance be given.

BE IT FURTHER RESOLVED That the County Auditor be, and she is hereby instructed to send a copy of this Resolution to M. A.
