

Join Codington County

SDSU Extension's 4-H Youth Development Program helps young people to reach their full potential as competent, confident leaders of character who contribute and are connected to their communities. In 4-H, youth design and participate in their own projects and related activities. This unique learn-by-doing model teaches essential skills that youth will use throughout their lives. Whether a young person builds a rocket, raises a companion pet, plants vegetables or raises large animals, 4-H gives youth the skills they need to thrive and succeed throughout their lives. Youth ages 8-18 can join 4-H! Our new 4-H year begins October 2023!
