Taxes, shipping, handling and other fees may apply. 3% Processing Fee will be accessed on all credit card transactions. Any price quoted for a product is subject to market change, supply disruption, adjustments to foreign exchange rates, and tax reforms, among other causes. We reserve the right to cancel orders arising from pricing or other errors. By acceptance of this quote, I understand that a 50% down payment may be required.

RETURN POLICY. Any Motorola Sale Equipment returned is subject to a 20% restocking fee. Return requests for Motorola Sale Equipment must be made within 30 days of invoice date for radio equipment, parts and accessories. Non-Motorola Sale Equipment may be subject to a 20% restocking fee or may not be returnable. If any Equipment is inoperable upon delivery, Customer must notify DSC Communications within 14 days of delivery to be eligible for credit or exchange; inoperable Equipment returned after 14 days will be processed as warranty repairs. Only equipment purchased from DSC Communications is accepted for return and must be in new condition. Customized or custom-made equipment, including by way of illustration, custom cabinets, tuned duplexers, computer equipment, software, BDAs and built-to-order repeaters, are not eligible for return. Materials that have been determined to be outside the return policy requirements will be returned to the Customer or disposed of at Customer's expense. Cellular products, including boosters and cellular accessories are subject to the manufacturer's terms.

Clarifications & Exclusions - Quotes
General Work Terms:

1. All work will be performed during normal business hours - *Monday through Friday, 8:00am to 5:00pm* - unless otherwise agreed upon by both parties.
2. Customer will maintain a clean, safe, and efficient work environment.
3. Permits and associated fees are not included in DSC Communications' proposal pricing. (if applicable)
4. Customer will provide a secured area to store/stage project-related materials.
5. Customer acknowledges that supply-chain and shipping difficulties may result in unavoidable delays/cost increases. Customer agrees to provide DSC with reasonable extensions of time and DSC agrees to make efforts to avoid or minimize delays.
6. Changes to scope of work, or departures from initial planning that arise during or after deployment, will be discussed with customer as a change-order and invoiced appropriately.
7. Returns may be subject to a restocking fee.

Customer Responsibilities: (If applicable)

1. Customer will provide current blueprints/floor plans for identification of cabling routes.
2. Where installations use customer-premise wiring or the wiring/cabling is installed by others, all wiring shall be properly installed, free from defects, and capable of supporting the new equipment. Time and materials used to troubleshoot and repair wiring issues may be considered beyond scope and subject to invoicing.
3. Project Manager(s): Customer shall assign project manager(s) to make decisions for equipment installation and placement.
4. Network/Technology Manager: Due to the complexity of network integration practices and security policies, someone empowered to make customer-premise network decisions and verifications must be assigned, and available to the technicians on-site.

Exclusions (unless otherwise specifically stated in proposal):

- Electrical work to panels, breakers, or electrical outlets.
- Installation conduit or cable raceway.
- Rental/provision of aerial lifts or scaffolding.
- Interconnections to other devices (such as burglar alarm or fire annunciator panels).
- Vertical or horizontal core drilling holes exceeding 3/4" in diameter or 12" in depth.
- Removal of old wiring or devices.
- Application Programming Interface (API) integration to other network devices.
- Customer-premise network reconfigurations to routers, switches, firewalls, etc.
- Replacement of ceiling tiles, millwork, paint, or other finishing/fine detail that may be disturbed during the normal course of work.
